

Purple Tech

NEW PRODUCT

Bring rocks to life with the color purple.

KENT Marine Purple Tech is designed to provide ionically-balanced nutrients required by coralline algae and stony corals.

- Formulated with precise ratios of natural seawater components such as calcium and magnesium to improve coralline algae growth
- Raises concentrations of calcium, magnesium, strontium, trace minerals and carbonates
- Also contains a natural plant growth regulator to stimulate growth of purple coralline and green calcareous macro-algae such as Halimeda
